SUBJECT INDEX

Career Assessment and Measurement

Using multidimensional career decision instruments to assess career decidedness and implementation, 166

Further evidence for the use of career subtypes in defining career status, 178

The cross-cultural applicability of the Career Decision-Making System, 209

Career Counseling Applications

Chance and careers: Normative versus contextual development, 5

Further evidence for the use of career subtypes in defining career status, 178

The development of vocational realism in Black American college students, 240

Facilitating the career development of minorities: Doing it differently this time, 251

African American women's self-concept: Implications for career decisions and career counseling, 261

The meaning of work and love: Career issues and interventions, 315

Difficult cases in career counseling: IV—floundering and occupational moratorium, 325

Career counseling of Chinese American women, 350

Comparison of Two Computer-Based Counseling Interventions, 360

Career Counseling Cases

Shopping for career: The case of Sondra, 31

Indecisiveness: A dynamic, integrative approach, 34

Endless unacceptable alternatives: The case of Sondra, 40

Journey of a hero—working with chronic pain: The case of Peter, 293

First things first: Rehabilitation as a career planning strategy, 297

Family systems assessment and intervention with individuals having a chronic disability, 304

Epilogue to the case of Peter: Was he a survivor or a schlemiel?, 312

Career Counseling With Special Groups

Journey of a hero—working with chronic pain: The case of Peter, 293

First things first: Rehabilitation as a career planning strategy, 297

Family systems assessment and intervention with individuals having a chronic disability, 304

Epilogue to the case of Peter: Was he a survivor or a schlemiel?, 312

Career Issues

Chance and careers: Normative versus contextual development, 5

The influence of chance and contingency factors on career patterns of college-educated women, 18

Career aspirations in cataclysmic times, 44

Adult vocational trajectory, 129

Occupational stereotyping of Asian Americans, 143

Identifying career concerns of entering university freshmen using My Vocational Situation, 155

Using multidimensional career decision instruments to assess career decidedness and implementation, 166

Difficult cases in career counseling: IV—floundering and occupational moratorium, 325

Career constraints of observant Jews, 341

Counseling Asian Americans

Occupational stereotyping of Asian Americans, 143

Career development attributes and occupational values of Asian American and White American college students: A comparison, 221

Abating stereotypical attitudes: Views of career paths of an Asian American comedian, 337

Career counseling of Chinese American women, 350

Counseling Minority Persons

The validity of career maturity attitude measures among Black and white high school students, 199

Career aspirations and expectations of Black, Mexican American, and White students, 231

The development of vocational realism in Black American college students, 240

African American women's self-concept: Implications for career decisions and career counseling, 261

Career development and American Indians living on reservations: Cross-cultural factors to consider, 273

Career constraints of observant Jews, 341

Cross-Cultural Issues

The cross-cultural applicability of the Career Decision-Making System, 209

Facilitating the career development of minorities: Doing it differently this time, 251

Career development and American Indians living on reservations: Cross-cultural factors to consider, 273

Gender Issues

Vocational personality types and sex-role perceptions of teachers, counselors, and educational administrators, 60

Gender differences in career helping relationships, 72

Predicting success of engineering students during the freshman year, 86

Research Studies

The influence of chance and contin-

gency factors on career patterns of college-educated women, 18

Vocational personality types and sex-role perceptions of teachers, counselors, and educational administrators, 60

Gender differences in career helping relationships, 72

Predicting success of engineering students during the freshman year, 86

Identifying career concerns of entering university freshmen using My Vocational Situation, 155

The validity of career maturity attitude measures among Black and white high school students, 199

Career development attributes and occupational values of Asian American and White American college students: A comparison, 221

Career aspirations and expectations of Black, Mexican American, and White students, 231

Comparison of Two Computer-Based Counseling Interventions, 360

Editor's note:

Due to space limitations, the "Recommended" and "Useful" sections of Current Career Literature were not included in this issue. Photocopies of those sections may be obtained, upon request, and until August 1, 1991, from this editor, Paul R. Salomone.
